MOQ = 100

Absolutely ZERO trees are utilized in the production process

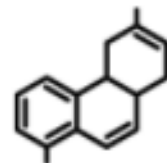

No water is needed to make our Stone Paper notebooks

Water-proof so great for folks in the field

Tear resistant so super durable and re-usable

No harmful chemical or dyes in manufacturing

67% smaller carbon footprint than tree based paper

As low as \$14.90 ea. **MOQ 100**

All Softcover books use **perfect bound** binding. In the perfect binding process, the cover and pages of the book are glued together at the spine and then the edges are “perfectly” trimmed to give your book its sharp, even edges. Perfect Bound books are lightweight, flexible and sleek.

Our Features

WATER FREE

No use of water is needed in the making of our Stone Paper®.

TREE FREE

Absolutely zero trees are utilized in our manufacturing process.

WATERPROOF

Our products are perfect for use in the elements.

TEAR RESISTANT

Extremely durable and completely re-usable.

CHEMICAL FREE

No harmful chemicals or dyes are used in manufacturing.

LOW CARBON FOOTPRINT

~67% lower carbon footprint than traditional paper making process.

Spiral Binding, also known as Coil Binding, is a common method for joining the pages and cover of a bound document. It utilizes a durable plastic or metal coil that is inserted and twisted through small holes punched along the spinal edge of the book's cover and pages.
